PERSONAL SUMMARY

Computer Science undergraduate specializing in AI and Machine Learning, with hands-on experience building end-to-end ML applications, data pipelines, and interactive web solutions. Proficient in Python, Scikit-learn, Pandas, and React. Adept at transforming behavioral data into actionable predictions through feature engineering and model development. Strong communicator and community leader with demonstrated impact in outreach, event management, and digital marketing.

EDUCATION

Institute of Business Administration (IBA) Sukkur

Bachelor of Science, Computer Science

Aug 2023 – Present

Sukkur, Pakistan

- GPA: 3.16

PROJECTS

Personality-Based Study Technique Predictor

2026

Python • Pandas • Scikit-learn • React

- Built an end-to-end ML recommendation system predicting personalized study techniques based on user personality and behavioral data collected via Google Forms.

NeuroGen AI – Alzheimer's Risk Predictor

2026

Pandas • Scikit-learn • NumPy • Python

- Built an ML pipeline to predict risk of Alzheimer's and Parkinson's disease from genetic and lifestyle data.

Arpi's Atelier – E-Commerce Platform

2025

HTML • CSS • JavaScript

- Developed a fully responsive, high-performance web storefront for a handmade jewelry brand with dynamic UI components and smooth user experience.

Furry Friends Finder – Pet Adoption Application

2025

Java • SQL

- Created a desktop application enabling users to browse pets and process adoptions, backed by a structured relational SQL database.

Study Buddy – Student Productivity Tool

2024

Java • SQL

- Engineered a GUI-based note management app with SQL-backed storage and a built-in focus timer to support student productivity.

Fun Trivia – Two-Player Quiz Game

2023

C++

- Designed a command-line two-player trivia game with three category modes (Easy, Common, Fun); first to 50 points wins.

SKILLS

- Programming Languages:** Python, Java, JavaScript, C++, SQL, MongoDB.
- Web Technologies:** React, Node.js, Express.js, MongoDB, HTML, CSS (MERN Stack)
- Data Science & Machine Learning:** Scikit-learn, Pandas, NumPy, Matplotlib, Feature Engineering, Exploratory Data Analysis
- Other Tools & platforms:** Git, GitHub, VS Code, IntelliJ IDEA, Firebase, Jupyter Notebook, Google Colab, Canva, PowerBI, Streamlit
- Core CS:** OOP, Data Structures & Algorithms, Software Engineering Principles, Operating Systems, Artificial Intelligence, Machine Learning, Data Science.

HONORS AND AWARDS

Ambassador – TCF Tertiary Scholarship Program (TSP)

The Citizens Foundation

- Conducted community outreach in underprivileged areas of Sindh to raise awareness about TCF scholarships and tertiary education pathways, and Guided students and families through scholarship application processes, directly contributing to increased access to higher education.

VOLUNTEER EXPERIENCE

Conference Volunteer – ICOMET 2026

IBA Sukkur

Supported speaker and attendee coordination at a 2-day international conference on emerging technologies.

Participant – Eagle Nest Leadership Bootcamp

Completed an intensive residential leadership program emphasizing collaboration, decision-making, and team dynamics.

LEADERSHIP EXPERIENCE

- **Co-Lead, Media & Marketing – SIBATHON** *IBA Sukkur*
 - Led digital promotion strategy and media coordination; improved event outreach and audience engagement across platforms.
- **Marketing Director – Student Talent Program** *IBA Sukkur*
 - Planned and executed multi-platform marketing campaigns; coordinated promotional communications across student communities.
- **Organizer – SIBAU Model United Nations** *IBA Sukkur*
 - Managed logistics and supported committee operations for a large-scale academic simulation conference.
- **Content Director – National Incubation Centre (NIC)** *NIC Sukkur*
 - Created digital content and outreach materials for student-focused entrepreneurship and innovation programs.

CERTIFICATIONS

- MongoDB Developer Certification *MongoDB*
- Intro to Machine Learning *Kaggle Learn*
- Intermediate Machine Learning *Kaggle Learn*
- Intro to Deep Learning *Kaggle Learn*
